

STANDBY RESCUE

OMI Environmental Solutions (OMIES) offers complete standby rescue services 24/7 that fully meet regulations for OSHA 1910.146, NFPA 1006 for training and NFPA 1983 for equipment. OMIES' rescue personnel work closely with our customer's safety staff and managers to effectively identify confined spaces and hazards within our customer's facility that are oxygen deficient, toxic or combustible. Standby rescue services at OMIES have been utilized in a variety of businesses and industries including oil and gas, petrochemical,

construction, municipal public works, pipelines, power plants, telephone utilities, and water and waste water facilities. However, there is no limit to OMIES' ability to serve our customers. Our teams are comprised of highly skilled, highly trained, experienced personnel who can assist and complement any confined space, high angle or marine standby rescue need in emergency or non-emergency situations.

AREAS OF DISCIPLINE INCLUDE:

- Atmospheric Testing
- Breathing Air Bottle Watch
- Confined Space Attendant
- Confined Space Project Management, Planning, Supervision & Training
- Emergency Fire Watch
- High Angle/Technical Rescue
- Permit Writing
- Swift Water Rescue

OMI Environmental Solutions (OMIES), a leader in oil spill response for over 40 years, has a well-respected, experienced team of professionals with the expertise to resolve all of your environmental and industrial service needs.
