

FOR IMMEDIATE RELEASE

OMI Names Aaron Holton Vice President of Response Operations

Belle Chasse, LA (October 2, 2020) – OMI Environmental Solutions (OMI), a K-Solv Group Company, announces Aaron Holton has joined the company as Vice President of Response Operations. In his role, Mr. Holton will oversee oil spill response operations, HAZMAT response, confined space rescue (CSR), industrial services, and environmental consulting.

Mr. Holton joins OMI with 30 years of experience within the environmental and industrial services arena. He previously worked at Witt O'Brien's for 13 years within their response operations division. Prior to that, Aaron served in the U.S. Coast Guard for 10 years and worked for companies providing both emergency response and industrial services in Southern Louisiana.

“We are very excited about the experience, leadership, and knowledge that Aaron brings to OMI,” said Ed Turner, OMI’s president. “He brings a wealth of knowledge in both emergency response and spill management services with a proven record of execution and is someone I have known for years.”
